ABOUT OUR CHAPTER

First and foremost, we are **CREATIVES**. Our chapter's focus involves educating and empowering our interior design community to excel in dynamic ways.

WHO WE ARE

The American Society of Interior Designers (ASID) advances the interior design profession and communicates the impact of design on the human experience. It is the design industry's only association representing all sectors of design.

WHAT MAKES US UNIQUE

- Mentorship between established designers and those just starting out, across every career stage.
- Programming specific to interior design, small-business solutions, growing a firm, technology, marketing & PR, evidence-based and human-centered design, social responsibility, well-being, sustainability, and design equity.
- Events that spark creativity and build awareness for the profession, including tours and educational programs.
